

# CLEVELAND'S DWARF KITS ARE WORLD'S

These are the finest kits that could possibly be produced for anywhere near the price and are far greater values than could be offered by any other manufacturer. We took advantage of our "SF" experience so have been able to produce these models at these extremely low prices. The kits build up such accurate and authentic models, they are rapidly replacing solid scale model work, 1/2" scale and larger and in many cases the smaller fields too, although they are not intended for this purpose. They are all
