

At Last! World-Famous "Hard To Get" - CLEVELAND-DESIGNED Models Have Been Revived!
STANDARD 3/4" SCALE "SF" AIRPLANE SERIES KITS NOW "CUSTOM-MADE" IN SMALL QUANTITIES
Kits Available Only Direct By Mail From Us - No Liquids Or Motor Units Included

Cleveland-Designed "Make-Them-Yourself" models win more prizes, more honors, more compliments than any other line of models in the world! That's why they are the world's most talked-about line of authentic model airplanes. Ask old timers -- they'll tell you!

These revived Cleveland Kits are complete except for cement, dopes and rubberbands. They are for modelers who like to assemble 'em completely themselves and are being manufactured in VERY LIMITED quantities. Upon their sales will depend whether or not, we continue to make these or any additional Ol' Timer "Custom kits". YOU MAY NEVER AGAIN BE ABLE TO GET THEM! Order your favorites today while they last.

These are the same World Famous Cleveland Designed "SF" Master Kits you have heard so much about, made up the same as they were in the past. Kits include: authentic full size well detailed plans, printed out (not diecut) parts on balsawood, stripwood, blocks, tissue, wire, wheels, insignia, etc., etc.

"IT" - "T" SERIES KITS IN STOCK

Quantities are very limited on some of these kits -- so order what you would like to make before it is too late! These models are much easier to build than the SF series. All are real bargains at prices listed. Many fans convert the light-plane type into 1/2A free-flight or control-line models, "beefing-up" where needed. (Sizes always given are wingspans)
